

Mission Statement

The mission of JWH Financial Services, LLC is to solve many of the deficits that have historically hamstrung both urban and rural communities. To this end, programs and/or projects will be designed to retrain displaced persons, create new and affordable housing, provide a variety of employment and business opportunities, move residents into self-sufficiency, and build vertical-integrated industries that are inter-linked so that tax bases within these areas are revitalized.

Vision Statement

To facilitate in those areas of life that make for a well-balanced society, including but not limited to housing, education, employment, business opportunities, economic development, health/wellness, and recreation
